

Vacancy Announcement

The Nepal Health Sector Support Programme 3 (NHSSP 3) had begun in March 2017 as the technical assistance (TA) component of FCDO's Nepal Health Sector Programme 3 (NHSP3), and included two TA components, the General Health Technical Assistance (GHTA) to support the federal MoHP to deliver its Health Sector Strategy 2015-2022; and the Retrofitting and Health Infrastructure TA (RHITA) to MoHP and Department of Urban Development and Building Construction (DUDBC) to support the retrofitting and rehabilitation of two priority hospitals in earthquake affected areas. A no-cost extension for the programme was confirmed recently, to provide support for completion of retrofitting of the two public hospitals, and to enable essential components of health reform in the context of federalism. The no-cost extension is referred to as RHITA+ reflecting this dual purpose and will be delivered by Options UK.

The programme is seeking highly qualified professionals to fill the positions as listed below: -
